

Roll Back to a Previous Synced Version

Qbox maintains 20 versions of the file in the cloud and you can get any version by 'Rolling back'. Roll back can be done by the account owner, team member or shared user with admin permission.

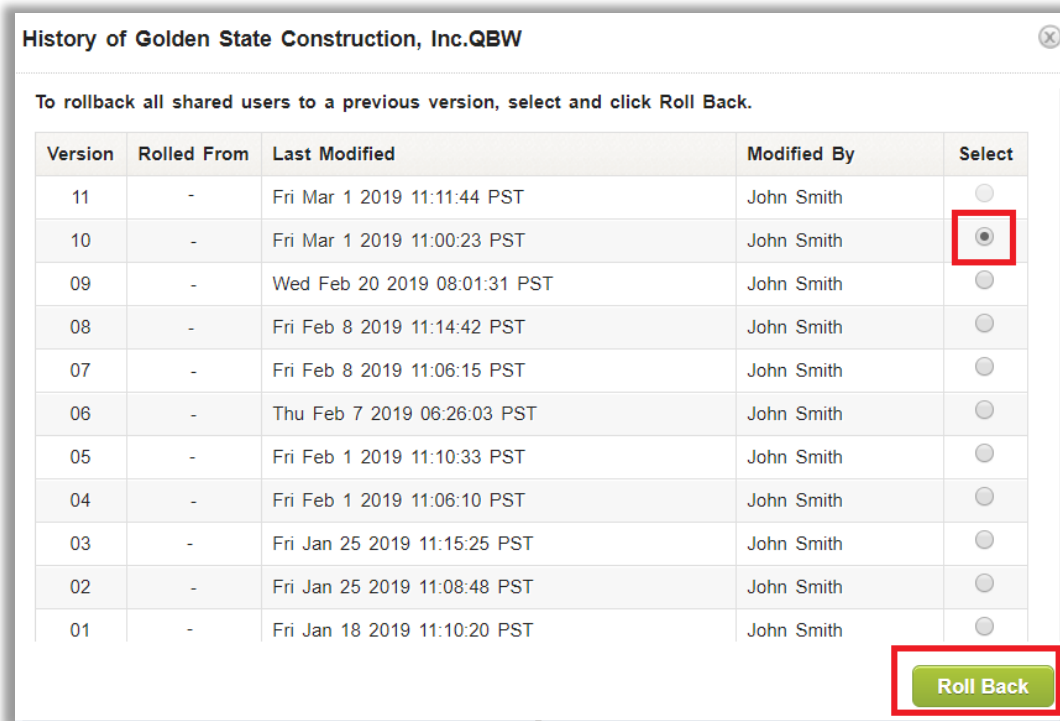

To roll back, sign into your account at the Qbox Website www.qboxplus.com

Open the folder, locate the file and click on the blue 'History' Icon.

Select the version from the list, and click 'Roll Back'.

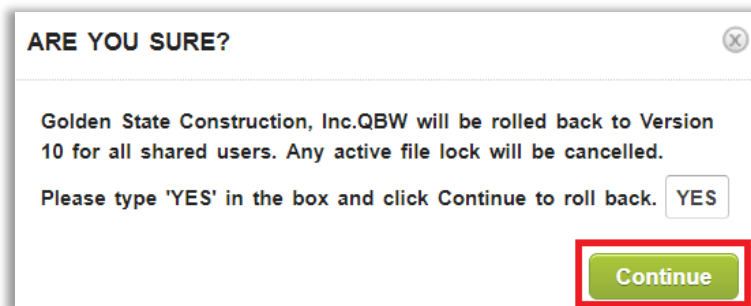

History of Golden State Construction, Inc.QBW

To rollback all shared users to a previous version, select and click Roll Back.

Version	Rolled From	Last Modified	Modified By	Select
